I want to thank you for so wonderfully & generously supporting G-Capp's premiere. You helped make it a smash. I am most grateful.

The party was a GREAT SUCCESS and your staff went beyond my expectations. The food was awesome; the margaritas were frozen and plentiful. The day was absolutely perfect thanks in main part to Mother Nature and your organization.

As for me it was extra special because I actually got a chance to mingle with the guests without worrying about the details of keeping the party going. I will definitely keep you all in mind for future gatherings.

Thanks,

I just wanted to let you know that I am so grateful to you and your wonderful staff for making our luncheon such a success.

Everyone raved about the food, especially the fried turkey, penne pasta dish and mini beef Wellington.

The tables and decorations were lovely, and your staff was attentive and professional. I am sure that we will be using Glorious Events again in the future.

Much thanks!
